

Purpose of this Session

- Haj Season Duration: 18 April – 30 June 2026
- Core Haj Period: 25 May – 29 May 2026
- SHIs are not medical professionals, but they play a critical role in ensuring pilgrims receive timely and safe medical care during their Haj, especially, during emergencies.
- Coordination between pilgrims and medical teams
- Coordinating admission and follow-up
- Ensuring timely information flow to Haj Mission
- SHIs must not diagnose or prescribe medicines.

Overview

- The Government of India provides comprehensive medical facilities for Indian Haj pilgrims in Saudi Arabia.
- These services operate round-the-clock to ensure health, safety, and emergency care during Haj.

Healthcare Statistics (Haj 2025)

- Outpatient Department (OPD) Visits: 2.5 lakh
- Inpatient Department (IPD) Admissions: 1,201

Haj Pilgrims Treated at MINA Camps (31 Examination Centers)

Emergency Contact Numbers – Importance

- During Haj, multiple emergency contact numbers are operational:
- Saudi Ambulance & Emergency Services 997
- Indian Haj Medical Mission / Control Room
- Camp or Control Rooms
- SHIs must save all numbers and keep them easily accessible at all times.

Managing Language Barrier – Haaris Support

- Saudi Ambulance drivers and hospital staff may communicate only in Arabic.
- To overcome this:
- Seek assistance from hospital reception staff (Haaris)
- Haaris generally understand Urdu and Arabic
- Assistance includes translation, ambulance coordination, and hospital registration
- SHIs remain responsible for the case at all times.

Special & Sensitive Situations

- These situations require urgent attention and reporting:
- Elderly pilgrims
- Serious illness
- Lost pilgrims
- Death during treatment or in accommodation
- Such cases must be handled with care, sensitivity, and proper coordination.

Final Message

- An SHI is not expected to cure a pilgrim.
- An SHI is expected to ensure timely medical assistance through:
- Quick action
- Clear communication
- Proper coordination with medical and control authorities

MEDIF CASES:

Here MEDIF cases refer to those Haj Pilgrims requires special medical needs, due to recent surgery, or illnesses that might require assistance, specialized equipment (like oxygen or stretchers), or pose a safety risk during flight. These cases require doctor or Paramedic to escort the patient during travel back to India.

Appreciation from MoH, KSA Hajj-2023

شهادة شكر وتقدير
